

# Thule FreeRide 532

Modern, dynamic and functional.

The Thule Freeride 532 lockable bike carrier is a sturdy design with quick release frame holder and wheel straps, allowing bikes to be loaded and unloaded with ease. Fits both Traditional and Aluminium Aero Bars (Clamping around bars). Can be used on trailers that have bars.

## Features

- Dynamic design with curved tubes for looking good on the car roof.
- Exclusive titanium color.
- The padded frame holder with quick-lock-function is designed for safe, quick and convenient mounting.
- Fits bike frames from up to 80mm in diameter (oval 65x80mm and round 22-70mm).
- Comfortable Quick-mounting-System for fast and easy mounting around both Square and AeroBars.
- Smart wheel holders for easier loading.
- Quick-release straps, adjustable for different wheel sizes.
- Lockable – bike to bike carrier, bike carrier to load carrier.
- One Key System compatible. With this accessory you can replace the locking cylinders to use one and the same key for all your Thule products.
- This carrier is pre-assembled, no tools are required.
- Possible to fold down towards the roof when not in use.
- City-Crash-tested and TÜV-GS approved.
